RESEARCH INTERESTS

- (1) Galaxy evolution and formation, star formation, chemical enrichment, diagnostic spectroscopy
- (2) Extragalactic radio jets on sub-parsec scales, high-resolution very long baseline interferometry

EDUCATION

University of California, Los Angeles, **Ph.D.**, Astronomy 2010
 Advisor: Matthew A. Malkan
 Thesis: “*The Universe as Viewed from Star-forming Galaxies over the Past 10 Billion Years*”

University of California, Los Angeles, **M.Sc.**, Astronomy, *Summa Cum Laude* 2006
 Advisor: Matthew A. Malkan
 Thesis: “*The Luminosity Function and Star Formation Rate between Redshifts of 0.07 and 1.47 for Narrowband Emitters in the Subaru Deep Field*”

University of Arizona, Tucson, **B.Sc.**, Astronomy and Physics, *Magna Cum Laude* 2004

APPOINTMENTS

Research Data Systems Integration Specialist, University of Arizona (Libraries) 09/2019 –
 Affiliate Assistant Astronomer, University of Arizona (Steward Observatory) 06/2016 –
 Queue/Professional Observer, MMT Observatory 09/2016 – 09/2019
 NASA Postdoctoral Fellow, NASA GSFC (Advisor: Jane Rigby) 10/2013 – 09/2016
 Visiting Fellow, STScI 10/2013
 Giacconi Postdoctoral Fellow, STScI (Advisor: Ron Allen) 09/2010 – 10/2013
 NASA Graduate Student Research Program (GSRP) Fellow, UCLA/JPL 09/2008 – 08/2010
 (Advisors: Daniel Stern and Leonidas Moustakas)
 Summer Graduate Student Researcher, Carnegie Observatories 06/2008 – 09/2008
 Graduate Student Researcher, UCLA 03/2005 – 06/2008
 Graduate Summer Researcher, NRAO–Socorro 06/2004 – 09/2004
 NASA Arizona Space Grant Researcher, NOAO–Tucson 08/2003 – 05/2004
 NSF REU Summer Researcher, NRAO–Socorro 06/2003 – 08/2003

HONORS AND AWARDS

2013 – NASA Postdoctoral Fellowship, NASA GSFC
 2010 – Giacconi Postdoctoral Fellowship, STScI
 2009 – Chambliss Astronomy Achievement Student Award, American Astronomical Society
 2008 – Graduate Student Research Fellowship, NASA
 2008 – Incentive Award for Extramural Funding, UCLA's Astronomy Department
 2006 – Graduate Research Mentorship Award, UCLA
 2005 – Departmental Outstanding Teaching Award, UCLA

2004 – *Eugene V. Cota-Robles Fellowship*, UCLA
 2003 – *Galileo Circle Scholarship*, U. Arizona
 2002 – *Fred and Ida McCormick Scholarship*, U. Arizona
 2002 – *San Diego Astronomy Association's Lucas Scholarship*, U. Arizona
 2001 – *Phi Eta Sigma National Honor Society*, U. Arizona

SERVICE

Referee for *Astrophysical Journal*, *Astrophysical Journal Letters*
 Referee for *Astronomy & Astrophysics*
 Referee for *Research in Astronomy & Astrophysics*
 Referee for *Monthly Notices of the Royal Astronomical Society*
 NASA Astrophysics Data Analysis Program (ADAP), Peer Reviewer 2015
Hubble Space Telescope Time Allocation Committee, Peer Reviewer 2014 (Cycle 22)
 CFHT (Taiwan) Time Allocation, External Referee 2012–2014
 China Telescope Access Program, External Referee 2013, 2015
Hubble Space Telescope Time Allocation Committee, Support Staff 2011, 2012
 Postdoctoral Researcher Mentoring Committee for STScI 2011 – 2012
 JHU-STScI CoolSci/HotSci Colloquium, Organizer for STScI 2011
 JHU-STScI Wine and Cheese Talk Series, Organizer for STScI 2011
 STScI/JHU Very Wide Field Surveys Conference, Local organizer 2011

ADVISORSHIP AND EDUCATIONAL PUBLIC OUTREACH

Summary: I have mentored or am mentoring 11 undergraduate students and one data analyst with in-person interactions on a regular basis

Caroline McCormick, undergraduate at the University of Arizona 2018 –
 Mentoring on the evolution of the mass–metallicity relation

Scott McKinley, University of Arizona, NASA Space Grant Undergraduate Researcher 2017–2018
 Mentored on metallicity diagnostics and recalibrating such diagnostics for the high-*z* universe

Rafia Bushra, undergraduate at the University of Arizona 2017
 Mentored on the evolution of the mass–metallicity relation

Reagen Leimbach, University of Arizona, NASA Space Grant Undergraduate Researcher 2017 –
 Mentoring on metallicity diagnostics and recalibrating such diagnostics for the high-*z* universe

Drew Weldon, University of Arizona, NASA Space Grant Undergraduate Researcher 2016 – 2020
 Mentoring on stellar population in dwarf galaxies. Project has culminated into a first-author *MNRAS* publication for Drew

Kaitlyn Shin, Stanford University, NASA Summer Student 2015 –
 Mentored for 10 weeks on studying the environment effects on star-forming galaxies.
 Project has culminated into a first-author paper submitted to *MNRAS*.

NASA's Hubble 25th Anniversary Family Day Event 2015
 Answered questions from the general public at Smithsonian's National Air and Space Museum (Steven F. Udvar-Hazy Center)

Mithi de los Reyes, North Carolina State University, STScI Summer Student 2013 – 2015
 Mentored for over a year on analyzing spectra. Project has culminated into a first-author

peer-review paper in the *Astronomical Journal* for Mithi.

| Bryan Hilbert, Senior Research Instrument Analyst at STScI Advised for several months on reduction of ground-based near-infrared imaging data. | 2013 |
| <u>Project ASTRO</u> I visited a public school and spoke with over 100 4 th and 5 th graders about astronomy throughout the academic year. | 2011 – 2013 |
| Jesse Feddersen, Indiana University, STScI Summer Student Mentored for 10 weeks on analyzing spectra. Attending Yale for Astronomy Ph.D. | 2012 |
| Mary Christian, undergraduate student at UCLA Mentored for 10 weeks on analyzing spectra. | 2009 |
| Celestine Grady, undergraduate student at UCLA Mentored for a year on data reduction. Her work has contributed toward at least two co-authored papers. She received a M.Sc. from U. California–Davis. | 2007 – 2008 |
| Christopher Rodriguez, undergraduate student at UCLA Mentored for two years on space-based data reduction and analysis. | 2005 – 2007 |

TEACHING EXPERIENCE

| | |
|--|-------------|
| <i>Research Bazaar Arizona Instructor</i> | May 2020 |
| <i>Software/Data Carpentry Instructor; the Carpentries</i> | July 2018 – |
| <i>Guest Lecturer, “The Gaseous Interstellar Medium” (UCLA)</i> Graduate-level course. Discussed nebular emission from ionized gas. | Spring 2009 |
| <i>Teaching Assistant, “Astrophysics II: Stellar Evolution and Galaxies” (UCLA)</i> A required course offered for astronomy and physics majors. Led weekly discussions and created in-course laboratory assignments for a classroom of ~30 students. Received an Outstanding Teaching Award in 2005. | Spring 2005 |
| <i>Teaching Assistant, “Astrophysics I: Stars and Nebulae” (UCLA)</i> A required course offered for astronomy and physics majors. Led weekly discussions and created in-course laboratory assignments for a classroom of ~30 students | Winter 2005 |
| <i>Teaching Assistant, “Nature of the Universe” (UCLA)</i> An introductory astronomy course for non-science majors. Led weekly discussions and laboratory exercises for a classroom of ~30 students. | Fall 2004 |

PROFESSIONAL AFFILIATIONS

| | |
|--|-------------|
| Member, International Astronomical Union | 2018 – |
| Member, NewH α Survey Science Collaboration | 2008 – |
| Member, Subaru Deep Field Science Collaboration | 2005 – |
| Member, American Astronomical Society | 2004 – 2017 |

GRANTS AND OBSERVING PROPOSALS

Summary: Over 36 telescope nights approved as PI or Science PI, and nearly the equivalent of ~156

nights in total. Approximately \$300,000 in grants have been awarded as PI or Science PI.

| Role | Source | Name | Year | Amount |
|------------|--------|--|------|-----------|
| PI | NASA | Keck PI grant | 2017 | \$12,500 |
| PI | NASA | <i>Spitzer</i> GO program | 2015 | \$10,000 |
| Co-I | NASA | <i>Hubble</i> GO program | 2015 | N/A |
| Science PI | NASA | Astrophysics Data Analysis Program | 2015 | \$104,400 |
| PI | NASA | Keck PI grant | 2015 | \$16,000 |
| PI | NASA | Keck PI grant | 2015 | \$13,000 |
| PI | NASA | Postdoctoral Fellowship Travel Grant | 2015 | \$8,000 |
| PI | NASA | Keck PI grant | 2014 | \$12,750 |
| PI | NASA | Postdoctoral Fellowship Travel Grant | 2014 | \$8,000 |
| PI | NASA | Postdoctoral Fellowship Travel Grant | 2013 | \$8,000 |
| PI | NASA | Giacconi Fellowship Start-up Grant | 2010 | \$48,000 |
| Science PI | NASA | Graduate Student Researcher Fellowship | 2009 | \$30,000 |
| Science PI | NASA | Graduate Student Researcher Fellowship | 2008 | \$30,000 |
